

# Abide Leaders Guide

## **Week 3: Seeing Jesus Clearly**

**February 15th, 2026**

### **1. Follow up**

Ask your group which core practice they tried last week and how it went.

### **2. Create space for honesty about trust**

Some people struggle to trust Jesus because of past wounds or misconceptions.

Encourage transparency and gently remind them of Jesus' character.

### **3. Keep the conversation centered on Jesus**

If the group drifts toward techniques or circumstances, bring them back to who Jesus is—because abiding grows from knowing Him, not performing for Him.

### **4. Help each person choose a simple act of surrender**

Encourage every group member to identify one area where they can trust the Good Shepherd this week and take a concrete step of obedience.
