Week 4: Finding God's Will in God's Word

February 22nd, 2026

1. Follow up

Ask your group which core practice they tried last week and how it went.

2. Encourage practical steps

Help group members choose a realistic reading plan or rhythm they can stick with this week.

3. Keep the focus on formation, not perfection

Remind the group that the goal isn't finishing a plan—it's letting God's Word shape their life one day at a time.

4. Invite application

Guide people to name one specific act of obedience or surrender that Scripture is calling them to this week.
